SOLAR PERMITS SUBMITTAL REQUIREMENTS

When submitting an application for a solar permit, it is important to ensure that all necessary documentation and information are provided. The following list outlines typical requirements, which may vary. Additional documentation may be required by City staff.

- Contractors must be registered with the City of Celeste.
- Submit the permit application.
- Description of work.
- Submit 2 copies of the plans.
- Submit a letter from a Texas State Registered Professional Engineer stating the roof will bear the weight of the solar panels, including structural calculations using the 2015 IBC and 2014 NEC. Must be stamped and signed by the engineer.

Work cannot start until the City of Celeste permitting department receives all required information, a completed permit, and payment.
